

I am an XM Radio subscriber. I think it is wrong to try and quiet XM for offering to its paying listeners the ability to listen to traffic and weather. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve.
